We want to share our support of the Costco project on May 31st at 7 PM in the Guilderland Town Hall, but unfortunately we are now in Texas & cannot attend. Can our email message regarding financial incentives for Costco, giving them land under the old roads being removed, etc. help in the public comment period?

We spend the Summer and Fall every year on Kinderhook Lake and would just love a Costco nearby & would shop there a lot!

Thank you.
