RE: *Costco – Special Use Permit Application*

Dear Ms. Coons:

This letter is to confirm no variances will be requested as part of the Costco Special Use Permit application. Based on prior communications with the town, any requests for a lighting variance have been withdrawn. The aforementioned was reflected in the Final Environmental Impact Statement

As a result, I ask that any references to variances be removed from the town's record (i.e. website, etc.).

Thanks in advance for your consideration.

Sincerely,
Crossgates Releaseco, LLC
