Dear Mr. Kovalchik,

I attended WES, AES, GES (long story), FMS and graduated from GCHS in '85. I left the area to attend SUNY @ Buffalo, worked in Rochester and found myself back in Guilderland in 2002. I have now owned a home in Westmere since 2003 and my twin boys attend FMS after attending GES. This area is truly my home and I am proud to be raising my children here.

I LOVE COSTCO and would welcome a store in the Capital District with open arms and eager credit cards. What I don't love is the idea of a Costco in relatively my backyard. We have ENOUGH stores, malls and traffic in Guilderland. We do not need more.

I am very upset about the downed trees in the area and can not stress enough my opposition to this project. Western Avenue is hazardous enough during rush hour and especially during the holiday season with Crossgates Mall. We do not need to draw more people or traffic to our area and increase the incidence of accidents and crime.

Thank you for the opportunity to express my concerns. Wishing you health and peace during this challenging time.

Sincerely,  
Deborah Wright
