Dear Mr. Kovalchik,

I do NOT support any phase of this proposed development. As a homeowner and taxpayer for many years in Guilderland, I believe this proposal will have a long range negative impact on our town.

This proposal is too expansive and the impact on traffic now and into the future will be very detrimental. I am opposed to this destruction of currently undeveloped areas and I am very concerned about the effects on our neighbors and their homes in longtime neighborhoods like Westmere Terrace.

I stand opposed to this project.

Greg Shields
Westmere NY
