Dear town of guilderland -

I've heard of the plans for a Costco at crossgates and I am all for it! I have a family of 5, and to know that I don't have to travel outside of the state to go to the closest Costco would be amazing. In addition to know that it is next to a mall that I frequent quite often, along with restaurants that I visit on western avenue makes my shopping trip so much more convenient. And we'll keep the sales tax in our town and county. Couldn't ask for a better plan!

Thanks -
Nina
