To the Town of Guilderland:

Good afternoon. I am writing to share with you my thoughts on the proposed Costco project.

My husband and I have 5 kids, aging between 6 and 14. They are all into sports and activities. My three sons all play baseball and I help manage the little league snack bar. Having a Costco would be such a huge help to me, my family and our community. Having the opportunity to make ONE shopping trip, opposed to the 2 or 3 i currently have to make to get everything I need, would be not only convenient but will also help me save time. Time I can better spend with my family and community. I know with current pandemic, things are very uneasy and troubling but I believe that this project will help our community and our local economy when things start to get back to normal. Please consider approving this project.

Thank you,
Amie and James Wilson
