

March 13, 2020

I own Fragrance Pointe in Crossgates Mall. I also live in Guilderland. I have heard there is a Costco and apartment building project being proposed on the mall property. I think this is a great idea because it will bring more shoppers to the mall and it will help benefit the businesses in the mall. I also think the apartments will be great because it will be easy for the residents to get to Crossgates and shop. The mall helps the community in many different ways and I hope you consider approving this project. It will be a great asset.

Thank you.
