Dear Mr. Kovalchik,

I am writing to voice my support for the Costco and Crossgates Road Development project. Crossgates has been a great asset for the Town of Guilderland over the years and this project will only add benefits to our community.

The Rapp Road Residential development will add residents, support our businesses, and generate new property taxes for the Town and School district.

The Costco project will create jobs, additional sales tax revenue, and bring an attractive retail store like Costco to our area.

Thank you.

Mark and Jean Drislane
