Dear Guilderland IDA,

I'm writing regarding both public hearings being held for Costco on May 31, 2023. I am a local business owner and am writing in support of Costco opening on the Crossgates parcel. The planning board and zoning board have already approved the project indicating their support. It will help support growth in the area as it is a nice amenity for people who already live here and a benefit for people considering moving to the area. I feel that this will help my business in Crossgate. Please approve.

Thank you,

Hotalou Justine Goldberg
