To: csapossd@togny.org

I want to show my support for both upcoming public hearings for the proposed and Town Planning and Zoning Board approved Costco project.

Costco is a very well known employer across the country and would be a wonderful addition to not only the area but for the Town of Guilderland. The jobs, revenue, sales tax, property tax and other revenues it would bring would be great for the town. The jobs this project would bring both in building and after with employees to run the store and maintain it would mean a lot of employment for residents. I ask that you please consider approving on both upcoming public hearings as other Western Ave projects have also been approved.

Thank you for your time.
