Hi! My husband and I both are looking forward to the new Costco! We currently stop by Costco when we are traveling. We just did a home renovation and found lots of great products there for our new kitchen at Costco. They also have fantastic fresh produce and foods for entertaining. Having a Costco within 15-20 minutes of our house would make everyday food shopping and planning for special occasions so much easier. Please allow Costco to finally come to the Capital region!

Thank you,
Diane and Steve Marciano
